

Yukiyasu Shimada

PSAM12 Speaker Bio

Senior Researcher, National Institute of Occupational Safety and Health, Japan

Short Statement: Indicate here if you one of the authors, first author, or speaker for the authors.

BIOGRAPHY

[Name]

Yukiyasu Shimada

[Affiliation]

Chemical Safety Research Group,
National Institute of Occupational Safety and Health, Japan

[Education]

1990: Bachelor of Engineering, Okayama Univ., Japan
1992: Master of Engineering, Okayama Univ., Japan
1996: Doctor of Engineering, Okayama Univ., Japan

[Carrier]

1995 - 1998: Research Associate, Dept. of Mechanical Engineering, Okayama Univ., Japan
1998 - 2001: Research Associate, Dept. of Systems Engineering, Okayama Univ., Japan
2001 - 2004: Lecturer, Dept. of Systems Engineering, Okayama Univ., Japan
2002 - 2003: Visiting Scholar, Dept. of Chemical Engineering, Purdue Univ., USA
2004 - Present: Senior Researcher, National Institute of Occupational Safety and Health, Japan

[Interest]

Risk Management for Chemical Process Plant
Process Safety Management
Plant Life Cycle Engineering
Management of Change

[Major Research Theme]

Systematization of Risk Management Technique for Chemical Process Plant
Development of Technical Information Infrastructure for Process Safety Management
